Roger and Kent,

My upper mgmt has asked for a map and/or arial of ORR that includes the whole facility (ETTP, Y12, ORNL) including Bear Creek watershed along with the current and proposed landfill, with the City and Scarboro community identified. This is the best map (attached) Cathy and I could find (from the proposed plan) but we would still have to mark it up to get all of this info on it. I was hoping ya already had something like this that you could share with us. If you would like to discuss, please give Cathy or me a call. Also, I saw a "drone video" of the Bear Creek watershed about a year ago. Is there still a link to that video that you could share?

Thanks,
Glenn
